

Online Registration System (OLRS)

An online processing solution that puts you in the driver's seat.

Minimize paperwork and maximize results with the Dealertrack Online Registration System (OLRS).

The Dealertrack OLRs enables you to register and title motor vehicles from the convenience of your office location online, in real-time.

The OLRs is a user-friendly, intuitive application that integrates smoothly into your current workflow, streamlines your process and helps to ensure that all state requirements are met. The results are faster, easier and more efficient processing, saving you time and money.

The OLRs is supported by the best field training and support staff in the industry. From installation and training, to support and subject matter expertise, we're there for you and we're committed to your success.

Put our decades of experience and industry-leading technology to work for you today.

Features and Benefits:

- **Secure** – Transmit confidential data safely and securely.
- **Accurate** – Reduce repetitive data entry and improve accuracy with DMS Import.
- **Fast** – Process transactions in real-time and issue materials on-the-spot.
- **Efficient** – Calculate exact fees and taxes, and reduce overages/shortages.
